Continuation of Substance of Interview including description of the general nature of what was discussed: A restriction requirement between claims 1-25, 28 and claims 26-28 was discussed. Examiner Leader stated that if the language of claims 1-24 and 28 were clarified, nonelected claims 26 and 27 were canceled, and product-by-process claim 25 was canceled, the application would be in condition for allowance. It was suggested that applicant consider using the claim language of corresponding European patent EP 1 141 449 to clarify the working of the claims. A copy of this European patent was faxed to Mr. Boyd by Examiner Leader.
